THE FACTS

- A concussion is a **brain injury**.
- All concussions are **serious**.
- Concussions can occur **without** loss of consciousness.
- Concussions can occur **in any sport**.
- Recognition and proper management of concussions when they **first occur** can help prevent further injury or even death.

WHAT IS A CONCUSSION?

A concussion is an injury that changes how the cells in the brain normally work. A concussion is caused by a blow to the head or body that causes the brain to move rapidly inside the skull. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. Concussions can also result from a fall or from players colliding with each other or with obstacles, such as a goalpost.

The potential for concussions is greatest in athletic environments where collisions are common.¹ Concussions can occur, however, in **any** organized or unorganized sport or

recreational activity. As many as 3.8 million sports- and recreation-related concussions occur in the United States each year.²

RECOGNIZING A POSSIBLE CONCUSSION

To help recognize a concussion, you should watch for the following two things among your athletes:

1. A forceful blow to the head or body that results in rapid movement of the head.

-and-

2. Any change in the athlete's behavior, thinking, or physical functioning. (See the signs and symptoms of concussion listed on the next page.)

ACTION PLAN

WHAT SHOULD A COACH DO WHEN A CONCUSSION IS SUSPECTED?

- 1. Remove the athlete from play.** Look for the signs and symptoms of a concussion if your athlete has experienced a bump or blow to the head. Athletes who experience signs or symptoms of concussion should not be allowed to return to play. When in doubt, keep the athlete out of play.
- 2. Ensure that the athlete is evaluated right away by an appropriate health care professional.** Do not try to judge the severity of the injury yourself. Health care professionals have a number of methods that they can use to assess the severity of concussions. As a coach, recording the following information can help health care professionals in assessing the athlete after the injury:
 - Cause of the injury and force of the hit or blow to the head
 - Any loss of consciousness (passed out/ knocked out) and if so, for how long
 - Any memory loss immediately following the injury
 - Any seizures immediately following the injury
 - Number of previous concussions (if any)
- 3. Inform the athlete's parents or guardians about the possible concussion and give them the fact sheet on concussion.** Make sure they know that the athlete should be seen by a health care professional experienced in evaluating for concussion.
- 4. Allow the athlete to return to play only with permission from a health care professional with experience in evaluating for concussion.** A repeat concussion that occurs before the brain recovers from the first can slow recovery or increase the likelihood of having long-term problems. Prevent common long-term problems and the rare *second impact syndrome* by delaying the athlete's return to the activity until the player receives appropriate medical evaluation and approval for return to play.

Mission Statement

The purpose of the City of Sunrise Youth Recreation Soccer program is to teach good sportsmanship, promote physical fitness and mental well-being to the youth of our community, and encourage the interest of youth in the game of soccer while teaching fundamental skills of the game.

General Information

PRACTICES - Pre-season practices begin October 17. All teams will practice 2-3 times per week during the pre-season. During the season each team will receive one (1) practice per week in addition to games. **NOTE:** Games begin during the week of October 31-November 4.

KOHL'S AMERICAN CUP - A recreational soccer tournament conducted by FYSA will be held during the month of March, 2012. The tournament "provides recreational youth soccer players an opportunity to experience a consistent and high quality statewide tournament in a fun, family-like atmosphere. It fosters stimulation and excitement about soccer in an effort to increase the recreational players interest in and love for the game." Eligible teams will consist of existing recreation teams plus two (2) alternate members, of your choice, from another team. Teams that participate in the tournament will need to pay, on their own, all applicable fees. Contact Leisure Services if you are interested in more information.

- I will do my best to organize practices that are fun and challenging for my players.

Head coaches are asked to assist in this process by informing volunteers of the procedures necessary to work with children in youth athletic programs.

If either the head coach or assistant coach cannot attend, it is the responsibility of the head coach to contact Leisure Services. No game will be rescheduled due to coaches being absent.

Ratings - Selection of Players

Ratings: Players will be rated in respective divisions by a minimum of 3 volunteer's with knowledge of the sport / or a representative of the city. If additional persons are needed the Athletic Supervisor shall appoint them. Ratings will be an individual effort and rater's cannot discuss ratings with each other or participants.

Players will be rated on a scale of 1 through 5 (one being excellent). This will be based on their ability to perform. The highest and lowest score will be eliminated and the remainder will be averaged and that rating will be assigned to the player. Every attempt will be made to make teams equal.

Birth certificates, hospital certificates, or other legal documents, which must be presented to a league official at the time of registration, shall certify date of birth of new players, or registrations will not be accepted. Replacement of Players

If a team loses one or more players from its roster during the current season through illness, injury, change of address or any justifiable reason, said team may request another player through the Athletic Supervisor.

At the discretion of the Athletic Supervisor, if available, a replacement player will be assigned and considered an active member of the team. The coach cannot refuse players. Failure to follow this rule may result in the suspension of the coach and/or forfeiture of the game(s). Once assigned, a player is eligible to play in all subsequent games.

The playing ability of the individual will not be considered a justifiable reason for replacement or removal from the team.

No player shall be recruited or otherwise added to the waiting list after 50% of the regular season games have been played.

Any player who elects to quit or otherwise leave a team during the course of the season may not come back to the program. In order to get a replacement player, coaches should submit a letter to the Athletic Supervisor. A letter from the player's parents must be obtained by the Department of Leisure Services if withdrawing the player. Players must play in 50% of the regular season games in order to participate in post-season play.

Player Draft

Coaches will draw numbers prior to the draft. Numbers drawn will determine seating order. Every effort possible should be made to keep teams as evenly balanced as possible.

Draft cards will be placed face down on a table with the rating numbers displayed. The player names will be on the bottom of the card. The coach currently drafting will select a player card and place the player on the team he/she is drafting. Coaches with rated frozen players will skip their turn in the draft dependent upon the rating given to their freeze. Frozen players who did not receive a rating will go into the draft with a 1 rating. Order of draft will reverse after each round. This process will continue until all rated and frozen players have been drafted to a team.

Coaches will receive one trade. This will take place after the teams have been selected. A team without a coach will be frozen and no trades will be allowed. Parent requests will be reviewed and honored appropriately.

Unknown Non-Rated players will be blindly drafted onto teams.

Once the draft has been completed no trades will be made and no players can be transferred from one division to another division.

Coaches will then select team colors followed by team names.

Following the draft coaches will select a number to determine their placement in the end of the season tournament.

Non-Rated Players

Known Non-Rated Players - These players will be assigned a rating by a city representative.

Unknown Non-Rated Players - A rating sheet will be distributed to all coaches at the draft. The sheet will have the name of all non-rated unknown players. Coaches will have the opportunity to rate any players, in which they have knowledge of the participant's skill level. A city representative will collect sheets. Scores will be averaged, throwing out the highest and lowest score. Player will be assigned that rating.

Any unknown players with no rating will be randomly placed on teams, through a blind drawing. These players cannot be traded.

Substitutions

All participants must play for a minimum of one quarter of each half unless the player is sick, injured or being disciplined by the league or game official. If so, the opposing team must be notified prior to the game starting.

Failure to comply with this rule will result in forfeiture of the game and/or suspension of the coach for one game.

Referees will blow the whistle at the end of the first quarter; at which time all those children not playing enter into the game and cannot be removed, except for injuries, during the next quarter. Referee will call for the first and third quarter to conclude as close as possible to the required time as not to stop a potentially goal scoring opportunity.

NOTE: All substitutions must stand at the midfield line so the referees know who will be entering the game.

Referees will also blow the whistle at half time. The opposing team shall monitor substitutions. **There is no free substitution for the entire game.**

EXCEPTION: If a player comes before the end of the first quarter, he must play the second quarter and at least one quarter in the second half; or if a player comes after the second or third quarter has started, he must play at least one quarter in the second half.

School educational functions that will affect a team's roster only if the team falls below the minimum number of players needed to start and end a game.

Religious functions may constitute reason for rescheduling games. Rescheduling games may occur only if attendance at these functions affects team's ability to start and end a game with the required number of players. Examples of functions that would be considered are bar mitzvah, bat mitzvah, communion, confirmation, etc.

Requests for rescheduling must be made, in writing, a minimum of three (3) business days in advance of conflict to the Athletic Supervisor. Receipt of request must be no later than 5 p.m. on a regular business day.

Once a game has been approved for rescheduling, the Athletic Supervisor, along with the coaches involved, will set the rescheduled date, time and field. A coach has 24 hours to verify with parents. This process can only be repeated once if the original rescheduled date is not convenient with either team. The game must be played within 72 hours of the second request for reschedule. All soccer game protests will be reviewed by the Athletic Supervisor to determine whether it is a valid protest and if it should be brought before the Soccer Committee.

If a hearing is granted, the Athletic Supervisor must notify both involved teams of the time and place of hearing.

NOTE: Whenever a matter of protest arises during the progress of any game, the coach, or appointed team representative of the protesting team will notify the referees, staff, and the opposing coach immediately that the game is being continued under protest. This will enable all interested parties to take notice of the conditions that aid in the proper determination of the issue.

- Step 1 - Head to head competition.
- Step 2 - Fewest goals yielded in the head to head competition.
- Step 3 - Fewest goals yielded for the entire season.

When there are three or more teams tied for first, second, or third, the tie breaking system will be used to determine which team is awarded the appropriate place. The remaining two teams will resort back to step 1 to break their tie for the appropriate place.

Regular season games that are tied at the end of regulation time will remain a tie.

If a tournament game is tied after regulation play, two five minute overtime periods will be played. At the conclusion of either five minute overtime period, if either team scored more goals than the other, that team wins and the game is over. If game is still tied, each team takes five penalty kicks. If still tied, 1 to 1 (head to head) penalty kicks will be taken.
